

# F.A.B Workshop

## Fun Activities with Benefits

For Early Childhood Educators

# HAMILTON

We know when a child learns to move, they begin to become aware of their body parts and where their body is in relation to the physical environment around them.

In this workshop you'll participate in a progression of activities that support the development of spatial awareness. And you'll learn about the importance of spatial awareness and the impact this can have on a child's learning capabilities.

## Spatial Awareness

**Date:** Tuesday 9 June 2020

**Time:** 5:30 – 6:30pm

**Venue:** Sport Waikato, Brian Perry Sports House  
51 Akoranga Road, Wintec Rotokauri Campus

**Cost:** \$25.00 per person *Registration and payment due by 12pm Tuesday 9 June 2020*

### Workshop content includes:

- What the benefits are for a spatially aware child
- What it looks like when spatial awareness hasn't been developed
- Managing activities to develop spatial awareness

**All attendees must register online:**
