

Tū Manawa Active Aotearoa Application Form

Stage One - Expression of Interest

A fund to provide play, active recreation and sport opportunities for tamariki and rangatahi, especially those that are less active.

This is Stage One of a two stage application process - this first stage just requires you to answer a couple of quick questions and summarise what your project/activity is about, who will be involved and how much you are seeking from the Tū Manawa fund.

We will provide feedback on what you have submitted (if required) and an indication of further work that might need to be done before a full application should be forwarded for consideration.

The second stage is the application required for consideration by our assessment panel and asks for more detail about your project. You are welcome to progress straight to Stage Two if you are confident that your activity or project meets the requirements of the fund and the expectations of Sport Waikato, the RST responsible for administering it.

Please be aware that support for your application by Sport Waikato, or an acknowledgement from us that your application is ready to progress to Stage Two, is no guarantee that your application will be approved - the fund is oversubscribed and we have many things to consider when approving applications.
